Cooler for more power

Heat build-up in drive belts costs horsepower. The unique double cog design of our belts dissipates heat and aids flexibility. Cooler running belts - over 10 degrees cooler than flat-top designs - mean better performance and longer lasting belts. Better flexibility cuts energy loss, allowing more horsepower transfer from the clutch to the secondary.

Leading the way

Carlisle is the industry's technology leader. Extensive R&D resources, continual materials refinement and precision compounding assure every Ultimax XS, Ultimax 3 and Incredible Max2 provide durable, aggressive operation. Whether for track or trail, count on the rugged construction of Ultimax to deliver maximum drive performance.

Built for quicker acceleration

Double cog belts feature a thicker cross section than flat-top designs. More surface contacts the clutch. That means less slippage over a broad speed range for quicker acceleration.

Precise manufacturing = precise performance

For almost a century, Carlisle has engineered and manufactured products for industry's most critical applications. This expertise helps us build the toughest and most durable belts in the industry.

Run the racers' belt

More racers win with Carlisle belts than with any other brand. And you can buy exactly this same high technology belt. Go to the front of the pack. Ride with Ultimax from Carlisle.

It's Guaranteed!

Carlisle stands behind every belt. Should your Max or Ultimax belt fail within one year of the purchase date, Carlisle will provide you with a new belt! Providing that the belt was properly installed, on the correct machine, with drive system in good repair and not intentionally cut, damaged or used for racing, Carlisle will rush a replacement belt.

Available at top dealers nationwide.

Should your belt fail within one year of the purchase date, Carlisle will provide you with a replacement belt under the following conditions.

All warranty claims must include proof of purchase (sales receipt or dealer invoice), the failed belt, the completed warranty information below, and a check or money order (no cash please) to cover return postage and handling costs.
